

PREFACE

This cumulative supplement to the Fifth Edition follows the organization of the Fifth Edition exactly. It updates the Fifth Edition through 2010. This supplement does not contain headings where there have been no significant developments under that heading since publication of the Fifth Edition.

The efforts of all the members of the Committee toward publication of this supplement are deeply appreciated. This is truly a working and producing Committee. In addition, we wish to express our appreciation for the support and assistance of the staff of BNA Books who have spent many hours editing and proofing the manuscript and otherwise working with us on this supplement. Special thanks are also given to the Section of Labor and Employment Law and its governing Council for their valuable support and encouragement in this endeavor.

We believe that the final product is ample justification for the efforts of all involved.
