Detailed Contents

Preface ........................................................................................................ v
Preface to the First Edition ........................................................................... vii
Summary Contents ....................................................................................... ix
Contents of Forms ....................................................................................... xxiii

1 Some Premises and Commentary ................................................... 1
   1.00 Orientation and a Disclaimer of Legal Completeness .................... 1
   1.01 License Agreements as a Separate Topic ....................................... 2
   1.02 A Pessimistic Prognosis Concerning Certainty of Draftsmanship .... 4
       A. The Semantic Problem .............................................................. 4
       B. Uncertainty Through Human Frailty ....................................... 6
           1. Ambiguity ........................................................................... 6
           2. Vagueness ......................................................................... 8
           3. Misplaced Modifier ........................................................... 10
   1.03 Contra Preferentum ...................................................................... 12

2 Legal Principles ....................................................................................... 15
   2.01 Evaluating the Legal Nature of the Subject Matter ....................... 15
       A. The Scope of a Patent ............................................................ 16
       B. The Scope of Unpatented Technology .................................... 17
   2.02 The Transfer of Technology and Patents:
       License and Assignment .............................................................. 20
       A. License ................................................................................. 20
       B. Assignment .......................................................................... 21
       C. Assignment Formalities ........................................................ 26
       D. Assignment of Right to Sue for Infringement ......................... 27
2.03 Agreements to Assign ................................................. 28
2.04 The Rights of Joint Owners ....................................... 32

3 Enforcement of Licensed Patents ................................. 37

3.00 Standing to Sue for Patent Infringement—
   Generally ...................................................................... 37
3.01 Standing to Sue for Patent Infringement—
   Exclusive Licensee ....................................................... 39
   A. Constitutional Standing for Exclusive
      Licensees ................................................................ 39
   B. Grant of “All Substantial Rights”
      to Exclusive Licensees ........................................... 41
   C. Joinder of the Patent Owner ................................. 44
3.02 Standing to Sue for Patent Infringement—
   Non-Exclusive Licensee ............................................... 45
3.03 Contracting for the Right to Sue ................................ 46

4 Express Agreements: Nonexclusive Licenses,
Nonassertion Agreements, and Exclusive Licenses ... 51

4.00 Forms and Types of Express Licenses ....................... 51
4.01 The Nonexclusive Patent License ................................ 53
4.02 The Nonassertion Agreement ..................................... 54
4.03 The Exclusive License ................................................. 61
   A. Exclusive Licenses: Antitrust Aspects ..................... 62
   B. Hart-Scott-Rodino Act Filing ............................... 63
   C. Exclusive Licenses: Sublicensing Rights .............. 64
   D. Exclusive Licenses: Reservations ....................... 66
   E. Exclusive Licenses: Protection of the
      Licensor .................................................................. 67
      1. Termination by the Licensor ............................... 67
      2. Conversion From an Exclusive
         to a Nonexclusive License ................................ 67
      3. “Best Efforts” and Other Commitments
         by the Licensee .................................................. 68
   F. Exclusive Licenses: Assignment of the Patent .... 70

5 Specific Types of Licenses ................................................ 73

5.00 The Field of Use License ............................................. 73
5.01 The Cross License ..................................................... 75
5.02 The Grantback License ............................................. 77
5.03 The Sublicense ........................................................... 79
   A. “Have Made” Rights .............................................. 83
5.04 The Compulsory License ........................................... 84
5.05 The Shop Right .......................................................... 85
5.06 Foundry Agreements ................................................. 86

10 The Granting Clause; Elements of the Grant; Definition of Licensed Subject Matter

10.00 The Granting Clause

10.01 Notes on Granting Clauses

A. “Grants” or “Grants and Agrees to Grant”

B. “Subsidiaries, Affiliates, and Controlled Companies”

C. “Under the Licensed Patents”

D. “And for the Lives of Such Patents”

E. Character of License

F. Statutory Rights Granted

1. “Make, Use, Offer to Sell, Sell, and Import” (Clauses 1, 2, and 3)

2. “Make, Have Made, Use, Offer to Sell, Sell, Import, Lease, or Otherwise Dispose of” (Clause 4)

3. “Make” (Only), “Use” (Only), “Sell” (Only)—With or Without Limitations (Clauses 5, 6, and 7)

G. “Throughout the United States of America, Its Territories and Possessions”

10.02 Definition of Licensed Subject Matter

11 Reservations and Improvements

11.00 Reservations

A. Reservation of Rights in the Grantor

B. Reservation Made Necessary by the Existence of Prior Licenses

C. Reservation in Nonexclusive Grants

11.01 Improvements

12 Royalties, Reports, and Payments

12.00 Determination of Amount of Royalties

12.01 Selection and Definition of the Royalty Base

A. Selecting the Royalty Base

B. Defining the Royalty Base

1. Vagueness as to Subject Matter

2. Uncertainty Concerning Metes and Bounds

3. Reach-Through Royalties

4. Uncertainty as to Licensee’s Sales and Distribution System

C. Net Selling Price: Deductions and Special Circumstances

D. Royalty Stacking Provisions

12.02 General Statement of Royalty Obligation

12.03 Reporting and Accounting Provisions

12.04 Minimum Annual Royalties
12.05 Keeping and Auditing Records of the Licensee ........................................ 199
12.06 Providing for the Possibility of Inflation or Deflation ........................................ 202
12.07 Nomenclature Information to Be Furnished ........................................ 203

13 United States Tax Issues Relating to Transfers of Patents and Know-How ........................................ 205
13.00 Introduction ........................................................................................................ 206
13.01 The Structure of United States Tax Law Applied to Patent and Know-How Transfers to Determine Eligibility for Capital Gains Treatment ........................................ 206
13.02 U.S. Tax Treatment of the Proceeds of Transfers of Patent Rights ........................................ 207
   A. Existence of a Capital Asset ........................................................................ 207
   B. Has There Been a Sale or Exchange (Section 1231) or a Transfer of All Substantial Rights (Section 1235)? ........................................ 208
   C. Has the Intellectual Property Been Held for the Required Period? .................... 209
13.03 U.S. Tax Treatment of the Transferor’s Proceeds Resulting From a Know-How Transfer ........................................ 209
   A. Sale or Exchange of Know-How by a Business Entity ........................................ 210
   B. License of Know-How by a Business Entity ........................................ 210
13.04 Tax Treatment of Costs of Acquiring Intellectual Property—Deductibility or Amortization ........................................ 211
   A. Cost of Patents Purchased Separately ................................................................ 211
   B. Cost of Patent Rights Transferred by License (Not as Part of a Sale of a Trade or Business) ........................................ 212
   C. Cost of Patents Purchased as Part of the Sale of a Business ........................................ 212
   D. Cost of Patent Licenses Acquired as Part of a Trade or Business ........................ 213
   E. Cost of Patent Licenses Acquired Separately ........................................ 213
   F. Purchase Price for Know-How and Trade Secrets ........................................ 213
   G. Cost of Know-How Licenses ........................................ 213
13.05 Tax Treatment of Payments Under International Transactions ........................................ 214

14 Protection for a Nonexclusive License ........................................ 215
14.00 Protection Against a Subsequent More Favorable License ........................................ 216
   A. The Most Favored Licensee Provision: Drafting Considerations ........................................ 219
   B. The Most Favored Licensee Provision: Sample Provisions ........................................ 223
14.01 Protection Against Toleration of Third-Party Infringement .............................................................. 228

15 Transferability of Rights and Obligations of License Agreements ....................................................... 231
15.00 Assignment of License Agreements Generally ..... 232
15.01 Licensor's Right to Assign the Licensed Patent ..... 236
15.02 Licensor's Right to Assign the License Agreement ................................................................. 239
15.03 Licensee's Right to Assign the License Agreement ................................................................. 240

16 Representations and Warranties and Negation of Implications .......................................................... 247
16.00 Warranties ................................................................................................................................. 248
  A. In Connection With a Simple License Grant .... 248
  B. In Connection With a Grant of Future Rights .................................................................... 249
  C. In Connection With the Outright Sale of Patents or of a Business to Which Patent Rights May Be Relevant ............................................................................................................. 251
  D. In Connection With an Exclusive License ..... 254
16.01 Negation of Implications by Licensor ......................................................................................... 255

17 Indemnification and Liability Insurance .......................................................... 257
17.00 Indemnification Provisions Generally ......................................................................................... 259
  A. Who Indemnifies .................................................................................................................... 259
  B. Defend and Indemnify .............................................................................................................. 260
  C. What Claims and Liabilities Are Subject to Indemnity ........................................................ 262
  D. Exceptions to Claims and Liabilities ...................................................................................... 268
  E. Indemnitor Rights to Minimize Liability ............................................................................... 269
17.01 Indemnification by the Licensor .................................................................................................. 269
17.02 Liability of the Licensor, Indemnification by the Licensee .......................................................... 271
17.03 Mutual Indemnification Provision ............................................................................................. 272
17.04 Liability Insurance Against Third-Party Claims ........................................................................ 274

18 Licensing of Pending Patent Applications .......................................................... 277
18.00 Royalty Payment Provisions for Licensing Patent Applications ................................................ 278
18.01 Assumption by Licensee of Responsibility for Prosecution of Patent Applications of the Licensor ................................................................................................................................. 280

19 Alternative Dispute Resolution .......................................................... 285
19.00 Negotiations ............................................................................................................................. 286
19.01 Mediation ................................................................................................................................. 287
19.02 Arbitration ................................................................. 289
19.03 Staged Proceedings .................................................... 299

20 Common Provisions of Consequence ............................ 303
  20.00 Choice of Law and Forum Provisions .................... 304
    A. Choice of Law ................................................... 304
    B. Choice of Forum ............................................... 310
  20.01 Notices Under the Agreement .................................. 312
  20.02 Patent Marking .................................................... 314
  20.03 Force Majeure Provision ....................................... 317
  20.04 Severability Provision ......................................... 318
  20.05 Post-execution Amendment of Agreement ................ 318
  20.06 Non-waiver Provision .......................................... 320
  20.07 Integration .......................................................... 321
    A. Contract Interpretation ........................................ 321
    B. Use of Integration Provision to Preclude
      Asserted Prior Understandings ............................ 324
  20.08 Government Approval Provision .............................. 327

21 Term and Termination of the Agreement ....................... 329
  21.00 The Significance of “Termination” ......................... 329
  21.01 Formal Treatment of the Termination Problem .......... 330
  21.02 Termination for Breach ....................................... 333
  21.03 Termination on Change of Control ......................... 335
  21.04 Termination Not the Sole Remedy ......................... 337
  21.05 Some Tax Considerations in Reference
    to Termination Provisions ..................................... 337

22 Execution of Agreements: Problems
    of Authority and Proof ........................................... 339
  22.00 Authority to Contract ......................................... 340
    A. The New Enterprise Situation .............................. 340
    B. The Problem of Intracorporation Authority ............ 341
    C. A Married Individual in a Community
      Property State .............................................. 343
  22.01 Execution .......................................................... 343
  22.02 Authentication .................................................... 346
    A. Execution by an Individual Acting on His
      or Her Own Behalf .......................................... 346
    B. Execution on Behalf of a Corporation ................ 347

23 Bankruptcy Law Considerations ................................. 351
  23.01 Asset Disposition .............................................. 352
  23.02 Automatic Stay .................................................. 353
  23.03 Contracts .......................................................... 354
    A. Rejection of Executory License Agreements ............ 357
      1. Protection for Licensees of Bankrupt
         Licensors .................................................. 358
B. Assumption of Executory License
Agreements .......................................................... 362

23.04 Bankruptcy License Drafting Issues ............... 363
A. Protection for the Licensee of a Bankrupt
Licensor ................................................................ 363
B. Protection for the Licensor of a Bankrupt
Licensee ................................................................ 363

23.05 Security Interests ...................................................... 366

24 Validity and Construction of Patents .................... 369
24.00 Lear and the Doctrine of Licensee Estoppel ....... 369
24.01 Lear and Liability for Royalties ......................... 374

25 Settlement of Patent Litigation .............................. 377
25.00 Releases ............................................................. 377
25.01 Discontinuance of Suit ....................................... 383
25.02 Avoidance of Publicity ....................................... 386
25.03 Avoidance of Relitigation of Validity
and Enforceability Issues ........................................ 389

26 Confidential Disclosure Agreements .................... 391
26.00 Confidential Information .................................. 392
26.01 Disclosure of Confidential Information ............ 395
26.02 Confidentiality Obligations .............................. 396
26.03 Residual Rights ................................................. 397
26.04 Term of the Agreement ...................................... 398
26.05 Option for a License .......................................... 399

27 Agreements Concerning the Sale or Other
Transfer of Unpatented Technological Values .......... 401
27.00 Definitions .......................................................... 402
A. Proprietary Information ................................... 402
B. Submitted Ideas ................................................. 402
C. Trade Secrets and Know-How ......................... 403
27.01 Principal Drafting Problems in Contracts
for the Transfer of Technological Information ...... 404
27.02 Dealing With Submitted Ideas and Other
Technical Proposals of Highly Contingent Value .... 405
27.03 Definition of the Field of Technical Values
to Be Dealt With ................................................... 406
27.04 Responsibility of the Supplier of Information;
Disclaimers and Reservations ............................ 417
27.05 Limitations and Restrictions on the Conduct
of the Recipient of Transferred Information;
Abnegation of Restrictions .................................. 419
27.06 Consequences of Early Termination
of Know-How Agreement ...................................... 421
