10. **Easily track country-by-country developments in response to the OECD’s Base Erosion and Profit Shifting (BEPS) action plan with in-depth analysis from leading practitioners with the BEPS Tracker.**
International tax rules and regulations are becoming more complex in today's global economy. Your choice of research tools could mean the difference between seizing greater opportunities or falling prey to higher risks. Bloomberg BNA's International Tax offering brings together daily breaking news and developments, in-depth analysis and commentary on emerging trends, extensive coverage of major tax treaties, and ongoing discussions with leading international experts on global tax issues affecting multinational companies.

**Tax Management Portfolios™**
- U.S. International Portfolios — a single solution for researching, planning and implementing the most effective strategies for virtually any scenario involving U.S. taxation of cross-border transactions.
- Country Portfolios — provide you with detailed descriptions of the tax and business regulatory systems of more than 40 international regimes.
- Transfer Pricing Portfolios — give you a detailed understanding of the transfer pricing rules for major trading countries.

**Expert Analysis**
Over 100 Portfolios provide practical analysis for developing and implementing complex international tax strategies, covering:
- Controlled Foreign Corporations
- Export Tax Incentives
- Foreign Corporation Earnings and Profits
- Foreign Personal Holding Companies
- Indirect Foreign Tax Credits
- Partners and Partnerships
- Taxation of Foreign Corporations
- Transfer Pricing
- U.S. Tax-Related Accounting Issues of Multinational Corporations
- U.S. Taxation of Foreign Estates, Trusts and Beneficiaries
- And more

**Additional Analysis**
- VAT Navigator — provides detailed descriptions of VAT or GST laws in 114 jurisdictions, noting applicable legislation and governmental portals for registration and VAT filing.
- Global Tax Guide — offers tax profiles of 114 key jurisdictions written by local experts, with regular updates to tax rate information and easy-reference tables of key international tax rates and developments.
- U.S. International Tax Guide — provides clear and structured insight on the U.S. tax rules that apply to international transactions.

**Practice Tools**
- Withholding Tax Chart Builder — quickly find both withholding tax rates under a source country's domestic law and the applicable income tax treaty rates when paid to the country's treaty-partner investor countries.
- Global Tax Chart Builder — compare tax profiles and tax rate information for 114 key jurisdictions.
- VAT Chart Builder — quickly and easily compare a wide range of value-added tax topics across 114 countries.
- Translated Tax Forms — easily access translated tax forms for over 70 countries.
- Working Papers (sample plans, documents, and more).

- Convenient Treaty Finder to quickly find in-force, English, income tax treaties
- Consolidated treaty text with integrated protocols, fully documented with end notes and footnotes
- Annotations with the status and key dates of each treaty
- Substantive Editor Notes that highlight important information about treaties
- Placeholders for treaties that have recently been signed but not ratified
- Full text and summaries for the OECD, U.S. and UN model treaties. Now includes the OECD BEPS Multilateral Convention.

Document types include:
- Income Tax Treaties
- Competent Authority Agreements
- FATCA Agreements
- Multilateral Agreements
- Mutual Assistance Agreements
- Social Security Agreements
- Tax Information Exchange Agreements
- Transfer Tax Agreements
- Transportation Tax Agreements
Comprehensive coverage.

Bloomberg BNA Tax & Accounting gives you a comprehensive resource that includes in-depth, authoritative plain-English analysis, written by leading practitioners in the field, with everything necessary to research, plan and implement strategies to streamline compliance while minimizing your clients’ or organization’s exposure to taxes.

**Bloomberg BNA Tax Management Portfolios™**

Over 100 titles in the Tax Management Foreign Income Portfolios™ series. Practical analysis in virtually any scenario involving U.S. taxation of cross-border transactions. Written by in-country experts, this collection also covers the tax and business regulatory systems of more than 40 countries. Transfer Pricing Portfolios cover transfer pricing rules of the U.S. and select countries.

**International Tax Developments Tracker**

Tracks and summarizes daily key international tax developments across a full range of tax topics covering 114 jurisdictions.

**VAT Analysis (Navigator)**

Get comprehensive coverage of global VAT laws and practices for 114 jurisdictions across the globe with this country-by-country guide. The Navigator covers GST and VAT laws dealing with 75 different topics to help manage certain elements of compliance and quickly access rates and thresholds.
For practitioners, by practitioners.

**BEPS Tracker**

Easily track country-by-country developments in response to the OECD’s Base Erosion and Profit Shifting (BEPS) action plan with in-depth analysis from leading practitioners—including links to Bloomberg BNA’s renowned Tax Management Portfolios™ for superior insight—and detailed analysis of BEPS-related topics by country and action item with quick links to relevant government announcements and a country-by-country comparison chart for all 15 action items.

"Bloomberg BNA’s BEPS Tracker is a comprehensive, one-stop resource. It provides the most current information right at my fingertips. It’s so easy to use. I can quickly sort, select, and display information across multiple countries. Links are provided to all the related content I need including government sites and Bloomberg BNA-developed analysis from in-country experts. There is not a more robust system out there."

Rebecca Sepnafski
Director of Tax
American Hotel Register Company

**Global Tax Guide**

Provides an overview of the tax regime of 114 jurisdictions, continuously updated to reflect developments as they happen. Written by experts, each jurisdiction profile covers corporate taxation, VAT/GST, personal taxation and social security, transfer pricing and anti-avoidance rules, treaties, important miscellaneous taxes, and any special tax regimes applicable to the oil/gas, mining and banking sectors.
Bloomberg BNA is the gold standard for in-depth research and analysis. Working with a network of over 1,000 leading outside practitioners with deep expertise in their given areas, Bloomberg BNA serves:

- 97 of the top 100 accounting firms
- 99 of the Fortune 100 corporations
- 100 of the top 100 law firms
