BNA Insights
In-depth articles and videos from leading practitioners and industry experts provide unique and current perspectives into key antitrust and trade regulation developments.
Bloomberg BNA’s Antitrust & Trade Regulation Resource Center™ is the complete antitrust and trade regulation law resource designed specifically for the needs of today’s busy professionals. By merging Bloomberg BNA’s unparalleled news coverage and practical analysis with current cases, proprietary practice tools, and state, federal, and international references, we’ve put all the resources you need right at your fingertips — in one comprehensive site.

**Time-Saving Search Features**
Quickly and efficiently locate the information you need via the Resource Center’s highly integrated research platform, which offers:

- **Topic Tabs**
  Target specific areas of interest in antitrust and trade regulation — and connect to Bloomberg BNA’s news services — via convenient topic tabs:
  - Antitrust & Trade Regulation Report
  - Antitrust & Trade Regulation Daily
  - Antitrust
  - Unfair and Deceptive Practices
  - State
  - International

- **‘Search’ Tool**
  Search across primary sources, news content, and analysis on the Resource Center platform with the ‘Search’ box, which allows users to find cases by keyword.

- **‘Cited-In’ Function**
  Link directly from the text of cases to where that case has been cited in the news, in other pertinent cases, or in a Portfolio.

**World-Class News**
Bloomberg BNA’s extensive network of reporters and correspondents provides trusted, peerless coverage of key judicial, legislative, and administrative issues affecting federal, state, and foreign enforcement in these comprehensive and respected news services:

- **Antitrust & Trade Regulation Report™**
  Bloomberg BNA’s flagship publication, relied on for 40 years by attorneys, executives, and government regulators across the nation and around the world.

- **Antitrust & Trade Regulation Daily™**
  Comprehensive daily coverage of the latest antitrust and trade regulation developments.

**Expert Analysis**
Find real-world solutions to challenging research problems with expert guidance from leading practitioners across a variety of antitrust topics. Take advantage of the ABA’s Antitrust Law Developments treatise (Seventh edition) and 12 practical Bloomberg BNA Portfolios that offer unique perspectives from today’s thought leaders.

**Source Documents**
Access full-text decisions of the most current, significant federal and state cases — with links to Bloomberg BNA news reports — along with federal statutes and regulations, and statutes from all 50 states featuring an interactive map.

**Practical Tools & Reports**
Increase your efficiency with Bloomberg BNA’s superior collection of proven practice and compliance tools — including a Calendar of Events, forms and checklists, and DOJ and FTC guidance — as well as collections of reports, government decisions, and other documents from the UK, European Union, Japan, and Canada.
