Author of HIPAA checklist
Advisor on Health Law Reporter™ & Health Care Fraud Report™
As PPACA is implemented, it is essential to track how the regulators and enforcers are responding, and where Congress and the state legislatures are heading, in order to advise health law clients effectively. BNA allows me to keep an eye on the big picture, while adding important details about health care issues that I track closely.

I know when I’m reading BNA’s health care publications, I’m getting the full story. Every morning when I log in to my computer I get hit with a swarm of information from various sources. BNA becomes my final arbiter of what’s happening in the field. I like BNA’s reports because they bring together the full range of legislative, regulatory, business, and litigation issues.
